

Indian Institute of Insurance Surveyors & Loss Assessors

Promoted by IRDAI, Govt. of India

Dt: 28-10-2023

Dear Members,

On behalf of the IIISLA Council, it is my distinct privilege to inform all our esteemed members that, owing to the active engagement of our Chapters, Zones, and Units, IIISLA consistently conducts a series of technical programs across various regions of the country.

At IIISLA, we are acutely focused on our primary objective, which is to enhance the quality of the Surveyors & Loss Assessors profession through education and training. This pivotal goal is firmly embedded in our Memorandum of Association (MOA).

With the unwavering dedication of the IIISLA team, our activities have garnered significant attention from the industry, including regulatory bodies. This recognition is a testament to our continuous efforts in the field.

In this context, it's noteworthy that IRDAI has commenced granting approval to our training curricula. Notably, for the first time, the regulatory authority has appointed an observer to supervise our comprehensive three-day residential training program taking place in Pushkar (Ajmer) from the 28th to the 30th of October. This signifies a significant milestone in our ongoing efforts.

Congratulations in advance to the organizing body. The Council is confident that both the organizing body and all participants will uphold a high standard of discipline. Our president will attend this program to extend a warm welcome to the IRDA observer and other dignitaries from the insurance industry.

Regards,

Nirmal Tripathi
Secretary
