INSURANCE INSTITUTE OF INDIA  
COLLEGE OF INSURANCE  
MUMBAI  
**MOTOR INSURANCE – INTERMEDIATE LEVEL**

**Conceptual Background:** Motor Insurance is the highest premium earning segment of the general insurance industry. It is definitely one of the most challenging areas as well. Though many companies are complacent regarding Own Damage segment, our studies indicate that this is one area where insurers need to constantly learn and relearn. New types of vehicles, new technologies, new requirements of the market, new distribution and underwriting challenges, new types of frauds and employing of new technologies for loss assessment are making motor insurance more and more challenging day by day.

The programme is designed to give an in-depth understanding of all relevant technical challenges and equip Motor Surveyors to take more informed decisions to do a professional job for the insurers and insured alike.

**Program Objectives:** In concrete terms, the program seeks to help Motor Surveyors achieve the following:

- Appreciate the environment in which Motor insurers are operating today
- Understanding the legal implications of the product offered and their bearing on claims
- Comprehending the relevance of Spot, Final and Re-inspection surveys.
- Appreciating challenges and complications in claim settlement.
- Appreciating the need to relook at customer satisfaction and revise industry standards

**Course Content:** The 3 day course would cover topics like motor vehicle act policy coverage exclusions and so on. It will also look at various parameters and understanding the anatomy of the vehicle, which will help in faster and correct claims settlement. This course will also touch on the fraudulent claims and TP liability assessment.

**Participant Profile:** The programme is specially designed for Insurance Surveyors who need to develop and update their specific knowledge and skills on multiple aspects related to Motor insurance for professional claims settlement and pre-acceptance surveys.

**Duration:** 3 days.
