Dear Professional Members of our Esteemed Institute,

At this festive season of Diwali, I wish our beloved members and their families a Very Happy Diwali – a festival of lights. The Light of Diwali represents – victory over darkness, good over evil, knowledge over ignorance and modesty over arrogance.

Diwali is the proclamation the Light personified by introspection, reflection, wisdom, tolerance of human frailty, and forgiveness of a few of our misguided members who have chosen to deviate the path of professionalism unlawfully and unethically for their personal vested interests.

Be that at it may, Diwali is a season of joy and a reason to look within and correct the wrong rest the law takes its course and punish such misguided persons who will have to pay the bitter price of their irresponsibility by unlawfully and knowingly spreading messages under the false identity.

Regards,
